CEO Message

It is with great pleasure and gratitude that I address you today as the CEO of Abbasi International Products (Pvt.) Ltd, a leading paper supplier dedicated to delivering excellence in every sheet. Abbasi International was founded as Paper Board Supplier in 1985 and over the years. In light of this client satisfaction, review & extraordinary growth, we realized that we can serve in the publishing & offset printing industry. our publishing efforts have been reflected in many distinct imprints including Star Series & Diamond Series.

Our talented and experienced authors and illustrators have created books for primary-grade children that reflect the highest standards of content and classroom activities. We believe that through books we can share a world, building greater understanding and tolerance within our increasingly diverse communities as well.

After better results in our publishing & printing sector, we add a whole-sale stationary outlet for our customers & ease of our regular clients i.e. schools, the college also we provided a better platform to local stationery items seller.

As per global change, we decided to give eco-friendly packaging products (disposable items) on wholesale prices in the market of Lahore & other surrounding areas for better health & plastic-free environment.

Thank you for your ongoing support and trust in Abbasi International Products (Pvt.) Ltd. Together, we will write a future that is both prosperous and sustainable. Please feel free to reach out to us at any time – your ideas and needs are at the heart of what we do.

Warm regards,
Iftikhar Ahmad
CEO
